

Local SEO Checklist

Get found on Google Maps and turn searches into customers

Work through this list from top to bottom. Tick each box as you finish it.
These steps follow Google's published guidelines, so they are safe to apply.

1. Google Business Profile

- ☐ Claim and verify your profile (postcard, phone, email or video)
- ☐ Choose the most accurate PRIMARY category, then add secondary ones
- ☐ Use your real business name only (no keywords added)
- ☐ Add every service you offer, with a short description for each
- ☐ Write a clear business description (750 characters max)
- ☐ Set correct opening hours, including holidays
- ☐ Add your service area or address exactly as it appears on your website
- ☐ Upload real photos: logo, cover, team, location, work
- ☐ Add products or services, and turn on messaging or booking if available
- ☐ Answer common questions in the Q&A section
- ☐ Post an update, offer or event at least once a week

2. Listings and NAP consistency

- ☐ Name, Address and Phone match everywhere (website, social, directories)
- ☐ Search your business phone number to find old or duplicate listings
- ☐ Merge or remove duplicate listings
- ☐ Add the business to trusted directories in your country and industry
- ☐ Use the same website URL and category wording across listings

Local SEO Checklist

3. Reviews and reputation

- ☐ Create a short link (or QR code) that opens your Google review form
- ☐ Ask every happy customer for a review within 24 hours of the job
- ☐ Never buy reviews or offer rewards for positive ones
- ☐ Reply to every review, good or bad, within 48 hours
- ☐ Mention the service and city naturally in your replies
- ☐ Report fake or policy-breaking reviews to Google

4. Website and on-page

- ☐ One page for each main service (not everything on one page)
- ☐ One page for each city or area you serve, with unique content
- ☐ City and service in title tags, headings and the first paragraph
- ☐ Embed your Google Map and show your NAP in the footer
- ☐ Add LocalBusiness schema markup
- ☐ Make sure the site is mobile friendly and loads fast
- ☐ A clear call-to-action on every page: call, book or message

5. Tracking and monthly routine

- ☐ Connect Google Analytics and Google Search Console
- ☐ Track calls, direction requests and website clicks from your profile
- ☐ Check local rankings for your top 5 keywords each month
- ☐ Review new competitors that appear in the local pack
- ☐ Refresh photos, posts and service descriptions monthly

Want me to do this for you?

Book a free Local SEO audit and I will review your profile, competitors and citations, then send you a clear action plan.
